MILO USER GUIDE

Plot Summary
- In the year 590, on the planet of Monkia, there were two major clans, the Golden Banana Clan and Gorillas of San Gora. The clan of the Golden Banana is made up of humans and monkey-like people. These two groups from the Golden Banana clan live in harmonic, intellectual/technological and economic prosperity. Under the leadership of the Monkey King, Milo.
- The Gorillas of San Gora were warmongering apes that lived a barbaric hunter/gatherer society, with many tribes fighting each other. Unlike the Golden Banana clan's economic/technological prosperity, years of fighting had led the tribes away from advancing their ways of life.
- However, in the year 591, the leader of the blazing apes tribe, Drogas the One-Eyed, was able to unite the many tribes of San Gora, and waged a war against the Golden Banana clan.
- After a year of unified leadership, Drogas the One-Eyed, with his massive war-hungry army of gorillas, laid siege to the capital of the Golden Banana, Glistening Platanos and captured the monkey king, Milo.
- The aftermath of the siege left the Golden Banana clan devastated. Many lives were lost, infrastructure was destroyed and leadership was in disarray. To save their beloved King and restore leadership, the high council of the Golden Banana clan called upon their greatest warrior who fought hard to defend the city and protect the king. The warrior's name was Fuze Smith, Captain of the King's Banana Guard.
- Sent on his mission, Fuzel Smith goes into the territory of San Gora and tracks the whereabouts of King Milo to the Temple of Forbidden Monkeys which is where the game begins.
- Will Fuze Smith be able to rescue the Monkey King Milo, or will fail his duty to his people?

- Stricken by the grief, Fuze enlisted and rose through the ranks very quickly and eventually was promoted to the King's Banana Guard.
- At the battle of Glistening Platanos, Fuze fought bravely through the hordes of Gorillas, but got separated from the guard and the king. During that time he was separated, Drogas the One-Eyed, captured the King Milo and slaughtered Fuze's men and friends.
